ORDINANCE NO. 0037-2024

AN ORDINANCE AMENDING CHAPTER 927 SEWER REGULATIONS OF THE
MAUMEE CODIFIED ORDINANCES AND ORDINANCES RELATED THERETO

WHEREAS, Chapter 927 of the Maumee Codified Ordinances and Ordinances related thereto need to be amended to update provisions for sanitary sewers within the City of Maumee, to allow for repairs of sewer laterals, to provide for elimination of clean water connections to the sanitary sewer, to authorize funding for private property sanitary sewer lateral repairs, and to modify other provisions of this Chapter;

WHEREAS, many properties within the City of Maumee are not in compliance with Maumee Codes, State of Ohio Codes, and Federal Codes and Regulations;

WHEREAS, sewer laterals which are in poor condition or allow infiltration of clean water have a significant impact upon the sewer system, causes overloading of the sanitary sewers, basement flooding, higher treatment costs for the City and its residents, and leads to sanitary sewer overflows, (SSOs);

WHEREAS, unless private sanitary sewer laterals are repaired or replaced along with public sanitary sewer laterals, the City and its residents will face; increased treatment costs, civil and/or criminal penalties from the EPA, health risks to the public, damage to the environment, and will negatively affect quality of life:

WHEREAS, The purpose of these amendments is to protect the public's health, safety and welfare which includes those which exist with regard to the sanitary sewer system, which if left unresolved will prolong public health issues and impact the public. This Code shall not be construed to prevent the enforcement of other provisions of City of Maumee Codes, or State or Federal laws and regulations.

WHEREAS, Maumee City Council finds and determines that in establishing these objectives, the City has determined that, clearly articulated regulations and standards will effectively promote high quality property requirements that allow the City to alleviate and/or correct environmental issues with properties throughout the City of Maumee. All defective and substandard sewer laterals not conforming with the provisions of this chapter are hereby declared a nuisance. It is further declared and determined that the regulations contained in this chapter are the minimum regulation necessary to abate sewer lateral nuisances that exist within the City of Maumee as to sewer laterals and to achieve the purposes of this chapter; and

WHEREAS, City council has examined each item in this legislation that involves public funds or use of City property or city employees, or use of City of Maumee resources in resolving nuisance conditions and have determined and find that any action or expenditure set forth in this legislation, would be for and serve a public purpose as defined by Ohio law; that the expenditure of funds and/or use of public property and/or provision of city employees would be for the general good

of the residents and taxpayers of the City of Maumee and the general public; and promotes the public health and general welfare of the citizens of the City of Maumee and the general public:

WHEREAS, City Council finds that the expenditure of public funds for private sewer lateral repairs would be more cost effective than paying for unneeded sanitary sewer treatment for clean water, and would be more cost effective than building storage tanks and related additional conveyance capacity for capturing and storing sanitary sewer overflows;

NOW, THEREFORE, BE IT ORDAINED by the Council of the City of Maumee, Ohio, that:
